

# Island Prosperity A Focus for Change

## Call for Applications – Deadline Extension

As part of the implementation of the Island Prosperity Strategy, the province is inviting submissions for the following initiative to support its commitment to advance innovation and growth in the strategic sectors of bioscience (including agriculture and fisheries), information technology, aerospace, and renewable energy.

### **Premier's Medal for Innovation**

The Premier's Medal for Innovation is offered to an individual who has demonstrated excellence in their field of expertise and has created significant economic activity through their research and development activities. This Innovator must demonstrate excellence in their field, nationally or internationally, and has made significant contributions to one of the strategic sectors.

**The deadline for applications is August 26, 2011.**

Interested applicants can visit [www.islandprosperity.com](http://www.islandprosperity.com) for further details on funding support, criteria, and to obtain an application form.
